

\$ **2** down

brings you this Corona

**Paid for itself many times**

A famous writer, who is also a business man writes:

"Corona pays for itself over and over again right in my regular job. At home, in an hour's time, I can clean up work that would take half the morning in my office. Confidential letters which I dislike to dictate are easy with my tireless little travelling secretary—Corona!"

"In one month, I finished up \$200 worth of material for certain papers, which means that Corona paid for itself four times in that month."

**16 years' use—no repairs**

"I am writing this letter to you on a Corona that was purchased by me in the year of 1906, I think, and has been my constant companion ever since. I have never spent a cent on it for repairs and would not sell it for twice its purchase price."

Irving S. Ventres,  
New York City.

**Famous people who use Coronas**

Rudyard Kipling,  
Sinclair Lewis,  
Rex Beach,  
Franklin P. Adams; (F.P.A.)  
H. C. Witwer,  
George Patullo,  
are among the many well-known writers who own Coronas.

**Free Service**

Although a Corona seldom gets out of order, you like to feel that you can get service when you need it. At any Corona store you can buy your ribbons, carbon paper, etc., or have any needed adjustment made. Every Corona carries with it a year's free service.

**Nearly half a million Coronas now in use**

**B**USINESS men keep Corona at home and call it their "private secretary." Salesmen carry it on the road and save time and stenographic hire. Doctors, lawyers and merchants use it for office work in preference to heavy "standard" typewriters. Clergymen corona-type their sermons—teachers and professors their schedules and papers—students in every university in the land are turning in neater notes and essays since Corona came.

Women use Corona for their personal correspondence. Children are learning to do neat, beautiful coronatyping; invalids are finding it a delightful companion for the long, weary hours.

Almost every well-known author, newspaper writer, playwright and scenario writer owns a Corona.

**The sturdiest of typewriters**

People who do not know, are apt to think that a typewriter weighing only 6½ pounds can't be as strong as a heavy, cast-iron machine.

But the fact is that no typewriter in the world has proved itself able to stand the punishment Corona has taken during its 16 years of service. All through the war,

**Send no money**

**SIMPLY WRITE** your name on the coupon, and mail or bring it to the Corona store. We will then demonstrate, without obligation to you, this wonderful 6½ pound typewriter.

When you have seen Corona, written on it yourself, lifted it in one hand, compared its work with that of any \$100 machine, then pay only \$2 down and small monthly payments until you have paid \$55 in all. Or if convenient, pay \$50 cash.

This is your opportunity to own a Corona on terms that are as cheap as renting!

thousands of Coronas were in use on every battle front. Almost every war correspondent carried his Corona. The secretaries of the welfare organizations were Corona-equipped and some thirty thousand more Coronas traveled with the American Army.

Knocked, bumped, dropped, abused, in rain, mud, dust and dirt, thousands of Coronas went through the entire war without cleaning or repairing, and are still writing merrily.

Corona FOLDS. That is the big secret of its compactness and completeness—its amazing durability. Ask us to explain this patented feature.

**Small monthly payments**

Even though Corona costs only half what you would pay for a big "heavy" machine, you need not pay for it all at once. The small monthly payments of \$5 each will hardly be missed, and, almost before you realize it, Corona will be fully paid for.

And all the time you are paying, you will have the use of Corona; in fact, you can very easily do extra work with this little typewriter which will pay for it several times over!

We are authorized distributors for the Corona Typewriter Company, and we stand behind every Corona we sell. And behind us is the Corona factory which has built and sold nearly half a million Coronas.

**Praise from a famous author**

H. G. Wells, famous English writer, author of the "Outline of History," writes:

"I am glad to take this opportunity to tell you of my complete satisfaction with this machine. It is so light and small that it can be taken anywhere, and is so sound and fool-proof that it is always in good condition."

**Nine years use; 35 cents repairs**

"Corona has been my helper for nine years. It has aided me in my business, increased my income, made schoolwork easier for my children, been private secretary to my wife—and in nine years of the hardest kind of use has cost me but 35 cents for repairs."

W. E. Conklin,  
Park Hill,  
Yonkers, N.Y.

**The most convenient typewriter**

Corona weighs only 6½ pounds, yet it has all the latest improvements, such as visible writing, universal keyboard, two-color ribbon, backspacer, margin release, platen release, shift lock, paper release, marginal stops, etc.

**The American Typewriter Exchange**

605 East Main Street

Richmond, Va.
